Re: Tiffany's Backpacks for Kids

Dear Tiffany Maziarz,

I would like to personally thank you for the incredible donation of twenty personalized backpacks that were filled with school supplies that were donated to the Oncology Department at the Children's Hospital of Philadelphia on Tuesday August 30th, 2016. It was also a wonderful surprise to receive ten additional backpacks filled with supplies for other families in need. It is so admirable that you have created a non-profit foundation that has a mission of donating backpacks filled with school supplies to families that are struggling with financial and/or medical needs. We will make sure that backpacks are donated to children whose parents/caregivers are unable to focus their efforts or resources on back to school shopping due to their hospitalization of their child or due to the financial impact of their child's cancer diagnosis and treatment. We are very appreciative for all that you do.

With Gratitude,

Caitlin Mulligan, LSW
